Subject: Permission to organise Tricolor Rally under *Azadika Amrit Mahotsav*

Respected Sir,

I am writing to formally request permission on behalf of the National Service Scheme (NSS) to organize a vibrant Tricolor Rally in Satral and Songaon areas during the Amrit Mahotsav of India on August 11, 2022.

Your support for this initiative is invaluable in promoting civic engagement and community participation among our students. We believe this rally will not only enrich the cultural fabric of our college but also contribute positively to the broader celebrations of Amrit Mahotsav.

Thank you for considering our request.

Yours sincerely,

International Women's Day - 08.03.2023

On March 8, 2023, the NSS Unit and Women Empowerment Cell of our college organized a vibrant celebration for World Women's Day. The event aimed to honor the achievements of women and promote gender equality. A highlight of the celebration was a rally featuring the traditional Indian dance form, Lezim, which drew significant attention and participation. The rally commenced at 10.00 a. m. from the college campus and proceeded through the main streets of the town, culminating back at the campus. It was a colorful and energetic procession, with 84 volunteers, including students and faculty members, enthusiastically participating. The participants, dressed in traditional attire, performed Lezim to lively music, symbolizing strength and unity. Following the rally, a series of speeches and interactive sessions were held in the college auditorium. Distinguished guest speakers from various fields spoke about the importance of women's empowerment and the role of education in achieving gender parity. The event concluded with a pledge by all attendees to continue advocating for women's rights and equality. The celebration was a resounding success, fostering a sense of community and raising awareness about the critical issues surrounding gender equality.

Subject: Permission to organise Swachhta Bharat Campaign in Satral and Songaon Villages

Respected Sir,

I am writing to seek your permission on behalf of the National Service Scheme (NSS) to conduct a Swachhta Bharat Campaign in Satral and Songaon villages on 4th January 2023. The campaign aims to promote cleanliness and hygiene practices among the residents of these villages. It will involve Volunteers from our college participating actively in cleaning public spaces, spreading awareness about waste management, and encouraging community involvement in maintaining cleanliness.

Your support for this endeavor is crucial in enabling us to make a positive impact on the villages of Satral and Songaon. We are confident that this campaign will reflect positively on our college's commitment to social responsibility and community service.

Thank you for considering our request.

Yours sincerely,

Permitted

Subject: Permission to organise Tree Plantation Program in Satral Village

Respected Sir,

I am writing to seek your permission on behalf of the National Service Scheme (NSS) with Collaboration with Department of Botany to organize a Tree Plantation Program in Satral village on 1 January 2023. The Tree Plantation Program aims to contribute to environmental sustainability and community beautification efforts. Our plan includes planting saplings in designated areas within Satral village, with the participation of Volunteers from our college under the guidance of NSS Program officers.

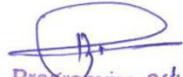

We assure you that all necessary preparations, including sourcing of saplings and coordination with local authorities, will be handled responsibly to ensure the success of the Tree Plantation Program.

Your support for this endeavor is crucial in enabling us to make a positive impact on the environment and engage our students in meaningful community service.

Thank you for considering our request. We look forward to your favorable response.

A Report on Tree Plantation Programme

On January 1, 2023, the NSS Unit organized a Tree Plantation Programme as part of their outreach activities. The event focused on improving the environment and raising awareness about the importance of trees. Volunteers, including students, teachers, and community members, participated enthusiastically. They planted trees and engaged in activities to promote cleanliness and hygiene. The programme also featured sessions on the benefits of a green environment and individual responsibility in maintaining it. The initiative successfully fostered a sense of community and environmental stewardship among participants. 38 volunteers and villagers participated in the programme.

Sub.: Distribution of Arjun saplings (*Terminalia arjuna*)- A medicinally important tree through 'Ayush Apake Dwar' campaign

Respected Sir,

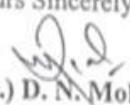

The Regional Cum Facilitation Center – Western Region (RCFC-WR) has been sanctioned to the Department of Botany, Savitribai Phule Pune University, (SPPU) Pune, by National Medicinal Plants Board (NMPB), Ministry of AYUSH, Govt. of India (GoI), for conducting different activities on medicinal plants in four states – Rajasthan, Gujarat, Maharashtra & Goa and one union territory – Daman & Diu and Dadra & Nagar Haveli.

I appreciate and congratulate you, all the teaching and non teaching staff of botany department and your organisation for participation in various activities of RCFC-WR. With your kind support the RCFC-WR has taken several programs successfully on medicinal plants for the benefit of farmers in particular and public in general.

With refrence to subject cited above RCFC-WR would like to take your help for distribution of Arjun tree saplings to villgers, farmers, students, etc. through 'Ayush Apke Dwar' campaign of NMPB, Ministry of Ayush, GoI in the Rahata and Rahuri taluk of Ahmednagar. The expences for distribution and awareness program will be paid by center after providing the bill. The borachare on Arjuna tree in Marathi is sent for distribution amongst various stakeholders. Kindly prepare the plan and submit the report to RCFC-WR with photographs.

Thanking You,

Yours Sincerely,

Prof. (Dr.) D. N. Mokate
PI and Regional Director, RCFC-WR

Subject: Permission Request to Organize Soil and Water Analysis Awareness Program...

Respected Sir,

I am writing to seek your permission to organize a Soil and Water Analysis Awareness Program at our college, to be held during the upcoming "Farmers and Parent Meet" on February 17, 2023. The objective of this program is to educate farmers on the significance of soil and water analyses in enhancing agricultural productivity. The event will include insightful sessions on the importance of micronutrients and water quality for specific crops, along with practical guidance on improving yields based on meteorological conditions. We plan to invite Mr. Panjabrao Dakh Saheb, a renowned meteorologist, to share his expertise and provide valuable insights to our attendees.

This program will benefit not only the farmers and parents but also our students and faculty by providing them with practical knowledge and hands-on experience in soil and water analysis. It aligns with our institution's commitment to community service and educational excellence.

We kindly request your approval to organize this program and to use the necessary college facilities for the event. Your support will be instrumental in making this initiative a success.

Thank you for considering our request. We look forward to your positive response.

Yours sincerely,

Permitted

Extension Activity Report

Soil and water analysis awareness program

The Department of Chemistry at the Arts, Commerce, and Science College in Satral organized a soil and water analysis awareness program during the "Farmers and Parent Meet" on February 17, 2023. The event featured Sau. Shalinitai Vikhe Patil as the chief guest and renowned meteorologist Mr. Panjabrao Dakh Saheb as the speaker. Mr. Dakh Saheb provided valuable guidance to farmers, parents, students, and professors on improving crop yields based on meteorological conditions.

The primary objective of the program was to educate farmers on the importance of soil and water analyses for enhancing agricultural productivity. The event was well-attended by students, farmers, parents, and faculty members. Mr. D.D. Harade and postgraduate students from the chemistry department highlighted the significance of soil and water analyses. They explained the vital micronutrients needed for specific crops and how deficiencies in these nutrients can adversely affect production. Additionally, they discussed the necessity of water for various crops and treatments for softening hard and salty water to improve yield.

During the event, Arjuna plants were distributed to farmers. Soil and water samples were also collected from farmers for analysis. The Chemistry Department committed to providing these analysis services free of charge.

Subject: Permission to conduct "Solar Energy Awareness" outreach activity in Dhanore Village

Respected Sir,

The Department of Physics is dedicated to educating communities about the importance of renewable and solar energy. We believe that by engaging with schools and villages in our periphery, we can make a significant impact on raising energy awareness. The proposed outreach activity will include live demonstrations of solar energy-based equipment. We intend to stay in touch with local schools and community leaders to ensure that this activity aligns with the needs and interests of the target audience.

We kindly request your permission to conduct this outreach activity in Dhanore village for school students and villagers on Saturday 07th Jan 2023. Thank you in advance.

Date: 03/01/2023

The Department of Physics hereby informs you that we are going to conduct a Solar Energy Awareness outreach activity in Dhanore Village on Saturday 07th Jan 2023. The proposed outreach activity will feature live demonstrations of solar energy-based equipment for both school children and villagers. Interested students will have the opportunity to work as volunteers and demonstrators for this activity.

Those students who are interested are requested to contact the Head of the Department of Physics within two days from the date of this notice. Our department staff will provide guidance for the preparation of demonstration models and other relevant information.

Note: Interested students (as a volunteers) are requested to gather in the department of Physics on Wednesday, 4th Jan 2023 at 10.00 am.

Introduction:

The sun is continuously releasing solar radiation, some of which will eventually reach the earth. We make use of this solar energy in a number of different ways. It helps to support day to day life, can generate electricity and can even heat our water. Why solar energy is most important natural energy sources available to our earth?

1. **Solar energy is good for the environment:** Unlike fossil fuels, solar energy doesn't produce any greenhouse gases or carbon emissions like methane, nitrous oxide, carbon dioxide, etc. Therefore, it is much better for the environment and can help to reduce pollution.
2. **The Sun is renewable:** The Sun is renewable energy source and we can continue to use it day after day.
3. **Solar power can improve energy security:** By using more solar energy, a country can help to increase its energy security.
4. **The solar energy industry creates jobs:** The solar energy industry has a potential to give large number of jobs all over the world.
5. **Solar energy has different uses:** Along with electricity generation solar energy can be used for heating water, cooking, drying, solar water pump, solar fan etc.
6. **It can reduce your energy bills:** Solar energy has the potential to reduce or even eliminate your energy bills. This is the key reason why many homeowners and farmers have opted to install solar energy systems.
7. **Solar technology offers a return on investment:** Both solar electricity and solar based equipments are capable of offering a return on investment (ROI) over their lifetime.
8. **The sun has many other natural benefits:** The sun supports life on earth in many different ways. It helps to grow our crops in order to provide food, supports the habitats of many living creatures and also provides light and warmth, helping us to see and stay warm.

ACTIVITY REPORT

Solar Energy Awareness Outreach Activity, Dhanore

(Saturday 07th Jan 2023)

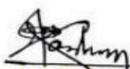

The Department of Physics organized a solar energy awareness program at different schools located near Dhanore village on Saturday 07th January 2023. The activity aimed to educate school students and villagers about the significance of solar energy.

Mrs. M. R. Jejurkar, staff department of Physics, ACS College Satral commenced the event with an informative session on the importance of solar energy awareness, emphasizing its benefits and the necessity of adopting sustainable energy solutions. He also highlighted the environmental sustainability and pollution control benefits of using solar energy. Thus this extension activity, emphasized sustainable practices and environmental protection. Following Mrs. Jejurkar's introduction, the volunteers demonstrated various solar-powered devices, including a solar fan, a solar water pump. These demonstrations provided practical insights into how solar energy can be harnessed for everyday use. The volunteers ensured an interactive learning experience by addressing the students' and villagers' questions and clarifying their doubts.

Two staff members, accompanied by eleven volunteers, actively participated in the activity. 105 students from 6th to 8th classes of ST. Padre PIO English Medium School attended the program, gaining valuable knowledge about solar energy and its applications. The initiative successfully engaged the students, fostering a deeper understanding and appreciation for renewable energy sources. The program was well-received and made a significant impact on both the students and villagers of dhanore, Satral and Songaon.

Arts, Commerce and Science college Satral, Department of Economics on Wednesday 26th April 2023 for students of Economics subject at Talathi and Mandal office, Satral and also Gram Panchayat office, Satral A field visit was organized. The purpose of this field visit is that various schemes are implemented by the government for the general public, but due to incomplete information, the benefit of this scheme is not available to all the entities, for that the said field visit was organized to inform the students about this scheme and accordingly to convey it to the society. Talathi and Mandal officers from Mauje-Satral gave valuable guidance to the students in this visit. Also, Mr. A. S MahskeSaheb, Gram Panchayat Gram Sevak at Satral, has organized various schemes including housing, employment guarantee etc. Information about the plan was given. Mr. TalathiKolheSaheb guided the students on how to understand the 7/12 passage. TalathiMandalAdhikariSaheb and his office staff, Gram SevakMhaskeSaheb and all his staff and the college administration got the support for the success of field visit. A total of 15 students participated in the field visit.

In today's modern times, the importance of energy source is unique. Energy sources are divided into two categories namely conventional and non-conventional energy sources. Conventional energy sources have many limitations along with water, gas etc. There are many drawbacks, on the contrary, non-conventional energy sources are the least harmful sources for the environment, so it is necessary to use them as much as possible. But due to the lack of public awareness, with the aim of creating more public awareness, under the guidance of Dr. Jaysree Sagar, the Vice Principal and Head of the Department of Economics, the students of the Department of Economics visited the solar energy project on the building of College of Arts, Commerce and Science, Satral on 14 December 2023. On the occasion of the said visit, Dr. Nilesh Kane, Head of Physics Department of the college, explained the importance of solar energy and solar energy project to the students. When we study the Indian climate, in our country, about three hundred days of sunlight in a year is useful for solar energy projects, if we generate electricity by using it, it will show a positive effect in terms of the country's economy and environment. Because we are generating electricity by using large amount of coal, causing a lot of environmental damage. An example of Chandrapur city in our state of Maharashtra can be given for this. Chandrapur is mentioned as the most polluted city not only in the country but also in the world. Dr. Kane sir guided the students that if we use the free sunlight provided by nature, as our country India imports a large amount of coal, it causes economic loss. Students from Department of Economics attended the field visit.

Extension Activity Report

Soil and water analysis

On January 7, 2023, the Department of Chemistry Arts, Commerce and Science College Satral hosted an extension activity on **Soil and Water analysis**. The activity's goal was to educate farmers on the relevance of soil and water analyses in assuring agricultural productivity. Students, farmers, and faculty were in attendance, including Dr. A.S. Waghmare (Head Department of Chemistry), Prof. S.S. Pandit, and Dr. Vijay Kadnor, Mr.B.U.Rajdeo.

Dr. A.S. Waghmare sir provided an overview of the programme, and Mr. D.D. Harde emphasized the significance of soil and water analyses. In that, he explained which micronutrients as well as soil micronutrients are vital for the specific crops; if such nutrients are deficient, the production suffers. He also discussed the necessity of water for specific crops, as well as treatments for softening hard and salty water to increase output. He also discussed the operation of the soil and water analysis kit used for analysis and stated that the chemistry department will provide such services free of charge to surrounding farmers.

Subject: Permission for field visit to a Vermicomposting unit

Respected Sir,

With reference to above subject, the Department of Zoology wants to arrange a field visit to a well-established vermicomposting unit on 16th May 2023. The vermicomposting unit is situated on college campus, Tal- Rahuri, Dist- Ahmednagar. This visit will involve the students of F.Y. B.Sc. This field visit will provide a practical based knowledge about rearing of vermiculture and production of vermicompost to the students. So, please allow us to arrange the same.

Ms. Rupali Londhe from Janseva Foundation, Pravaranagar, served as the chief guest, with Dr. P. M. Dongre as the Guest of Honor. The event was organized to promote gender equality and health awareness among students. The Health Care and Health Hygiene Program was successfully conducted at our college with the participation of 156 students. The event was honored by the presence of Ms. Rupali Londhe, Project Manager at Janseva Foundation, Pravaranagar, as the chief guest. The program was also attended by our esteemed Principal, Dr. P. M. Dongre, and Vice Principal, Ms. Jayshree Singar. Dr. P. M. Dongre emphasized the college's commitment to supporting women's rights and fostering an inclusive environment.

Dr. Jayshree Singar introduced Ms. Rupali Londhe, who delivered an inspiring speech on the importance of education in women's empowerment and encouraged active participation in the cell's activities. Ms. Rupali Londhe also addressed health and hygiene practices, stressing the significance of regular health check-ups. Workshops covered health and nutrition, mental health awareness, and disease prevention. Free health screenings and interactive activities reinforced these teachings. The event successfully heightened awareness about women's empowerment and health hygiene. Participants appreciated the practical insights shared by Ms. Londhe and the comprehensive health services offered. The inauguration of the Women

health awareness, and disease prevention. Free health screenings and interactive activities reinforced these teachings. The event successfully heightened awareness about women's empowerment and health hygiene. Participants appreciated the practical insights shared by Ms. Londhe and the comprehensive health services offered. The inauguration of the Women Empowerment Cell and the Health Care Program marked significant strides in promoting a supportive and healthy college environment. The college looks forward to continuing these efforts to empower students and foster holistic well-being.

The event concluded with a vote of thanks by Mrs. L. H. Pandure, who emphasized the need for continued efforts towards women's empowerment.

महिलांनी समस्यांचा पाढा न वाचता प्रसंगावधान राखावे : रूपाली लोंढे

प्रतिनिधी । राष्ट्र सहाद्री

झरेकाठी : वाढत्या इंटरनेटच्या वापरामुळे लोकांचे आयुष्य अधिक सोपे झाले आहे. पण, सोबतच यामुळे अनेक अडचणी देखील वाढल्या आहेत. अनेकदा नागरिक नकळत सायबर क्राईमला बळी पडतात. याकारिता योग्य मार्गदर्शन आणि समुपदेशन हाणे गरजेचे आहे. समस्यांचा पाढा न वाचता प्रसंगावधान राखून त्यावर मात करावी. असे मत प्रतिपादन जनसेवा फाउंडेशनच्या प्रकल्प अधिकारी रूपाली लोंढे यांनी केले.

लोकनेते डॉ. बाळासाहेब विखे पाटील (पंचभूषण उपाधिने सन्मानित) प्रवरा ग्रामीण शिक्षण मंडळेच्या सायल (ता. राहुरी) येथील घेता. वार्षिक व विज्ञान महाविद्यालयातील महिला सवलतीकरण कक्ष आणि आरोग्य

संमती यांच्या संयुक्त विद्यमाने महाविद्यालयीन विद्यार्थिनींचे आरोग्य व समस्या या विषयावर सौ. लोंढे यांचे महिला सवलतीकरण कक्षाच्या उद्घाटन प्रसंगी मार्गदर्शन झाले. लोंढे पुढे म्हणाल्या, विविध आर्थिक साधने वापरून भविष्यामध्ये घेणाऱ्या मोठ्या खर्चाची खार्चागीर नगद, त्याच बरोबर ठराविक बचतानंतर आर्थिक स्वातंत्र्य मिळवून काम न करता केलेल्या गुंतवणुकीच्या परताव्यावर समृद्धसुखी आयुष्य जगणे म्हणजे आर्थिक नियोजन होय. महिला सवलतीकरण कक्षाच्या अध्यक्षीय महाविद्यालयाच्या उपप्राचार्या प्रा. डॉ. जयश्री गिंमर यांनी कार्यक्रमाचे प्रास्ताविक करून अतिथींचा परिचय करून दिला. अध्यक्षस्थानी महाविद्यालयाचे प्राचार्य प्रो. (डॉ.) प्रभाकर डोंगर होते.

Report on "Health Awareness and Preventive Care for Young Women" Program

The Women Empowerment Cell held a program titled "Health Awareness and Preventive Care for Young Women" on 13th March, 2023 in the Seminar Hall. The event aimed to aware young individuals about health care. Mr. Santosh Ubale from the Primary Health Centre, Loni, was the expert speaker for the event. Dr. R.S. Tambe, Chairman of the Health & Sports Committee, welcomed Mr. Ubale as the Chief Guest. Mr. Ubale discussed common health issues faced by young students, focusing on female students and emphasizing a healthy diet and proper eating habits. An interactive session allowed students to ask questions, which Mr. Ubale answered with valuable insights. The program saw significant participation from students and faculty.

Mrs. L.H. Pandure extended vote of thanks and Miss M. R. Jejurkar played a key role in organizing the event. Principal, Prof. (Dr.) P. M. Dongre and Vice Principals, Dr. Jayshree Singar and Dr. Deepak Gholap, highlighted the college's commitment to women's empowerment and holistic development.

On January 3, 2023, the birth anniversary of Kranti Jyoti Savitribai Phule was celebrated at the Arts, Commerce and Science College, Satral with 56 students in attendance. The chief guest, Mrs. Mandatai Patil, shared insights into Savitribai Phule's life struggles and achievements. Savitribai Phule, a social reformer born on 3rd January, 1831 played a crucial role in women's education during the 19th century, a time when women were primarily confined to domestic roles.

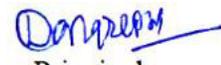

She became the first female teacher in India and started the first school for girls in 1848 at *Bhide Wada* in Pune. Besides her contributions to education, Savitribai Phule was a strong advocate for women's rights and empowerment, opposing social evils like child marriage and dowry. Both she and her husband, Jyotirao Phule, worked tirelessly against caste discrimination. In her presidential address, Principal Mrs. Jayshree Singer encouraged students to draw inspiration from Mrs. Mandatai Patil lecture on Savitribai Phule's dedication to education and women's empowerment in India. The program concluded with a vote of thanks from Mrs. A.C. Salunke.

Report on Helping Hand to Snehalaya

On 22nd October 2022, the NSS Unit of our college organized a program called "Helping Hand to Snehalaya." A group of 20 NSS volunteers visited Snehalaya, a shelter home, to support the residents. The volunteers distributed clothes, eatables, and other essential items. They also spent time interacting with the residents, offering companionship and emotional support. The visit aimed to spread happiness and provide much-needed assistance. The program was successful in creating a positive impact and was appreciated by both the residents and the volunteers.
