Vriksha Initiative:

Promoting Importance of Medicinal Plants

Vriksha Initiative: Promoting Importance of Medicinal plants

The initiative known as *Vriksha* by our institute aims to promote importance of medicinal plants. These initiatives reflect the college's commitment to environmental stewardship and its role in educating and empowering students and the community to contribute to sustainability.

In the COVID-19 pandemic, medicinal plants were instrumental in complementing conventional healthcare by providing natural remedies that supported immune health and alleviated symptoms. Traditional medicine systems adopted plants such as turmeric, ginger and Echinacea for their antiviral, anti-inflammatory and immune-boosting properties. Reflecting its commitment to this issue, our college launched various initiatives to underscore the crucial role of medicinal plants in human health. Additionally, the college organized numerous tree-planting campaigns on campus and in nearby villages to contribute to ecological balance, involving students, faculty and local community members.

1. Distribution of *Arjuna* (*Terminalia arjuna*) medicinal Plant Sapling through *Ayush Apke Dwar*:

College collaborated with the Regional Cum Facilitation Centre (Western Region), the Regional Centre of the National Medicinal Plant Board (NMPB) under the Ministry of Ayush, Government of India and the Department of Botany at Savitribai Phule Pune University for a significant project under the 'Ayush Apke Dwar' National campaign. This initiative focused on preparing and distributing saplings of medicinal plants, specifically *Gulvel* (*Tinosporacordifolia*) and *Arjuna* (*Terminalia arjuna*), to the villages of Satral, Kanadgaon, Dhanore and Songaon, aimed at enhancing community health and resilience during the pandemic.

The project began with meticulous preparation of *Gulvel* and *Arjuna* saplings, guided by expertise from the Department of Botany. They oversaw the selection, planting and nurturing processes using organic and sustainable farming practices on the college campus. Once matured, the saplings were distributed through a well-coordinated campaign, ensuring every household in the targeted villages received them. Alongside the saplings, educational materials were provided to educate villagers on the care, benefits and proper usage of *Gulvel* and *Arjuna*, highlighting their immune-boosting and cardiovascular health properties respectively.

2. Workshop on Medicinal Plant Nursery:

The Department of Botany and Savitribai Phule Pune University, jointly organized a medicinal plant nursery workshop. The workshop aimed to introduce students to new concepts and facilitate their overall development through practical sessions. Topics covered included the use of various media in nursery operations, cultivation techniques for rare plants, seasonal considerations, disease and pest management, as well as harvesting and processing of medicinal plants. Expert professors provided detailed insights into the medicinal properties of different plant species and discussed government initiatives aimed at establishing medicinal plant nurseries. Students also learned about proposal writing and submission processes related to these initiatives. The workshop underscored the significance of medicinal plants in traditional medicinal practices such as Ayurveda, Unani and Homeopathy, offering students a comprehensive understanding of their role in daily healthcare practices and disease management.

3. Workshop Medicinal Plant Conservation, Cultivation and Value Addition:

The One-Day Medicinal Plant Training Workshop supported by the National Medicinal Plant Board and the Ministry of AYUSH, Government of India, through the Regional Cum Facilitation Centre - Western Region, Pune, the workshop featured sessions on plant identification, conservation, cultivation, processing and marketing was organized by Department of Botany, in collaboration with several educational institutions. It aimed at promoting awareness and skills related to medicinal plants, the event gathered 98 participants from Nasik, Pune and Ahmednagar districts.

4. Workshop on Aromatic Plant Production and Entrepreneurship Development:

Collaboration with the Department of Botany and Student Development Board, Savitribai Phule Pune University, the college organized a workshop on 'Aromatic Plant Production and Entrepreneurship Development.

The workshop aimed to introduce students to new concepts and enhance their overall development through various sessions. Topics covered included the use of media in nurseries, cultivation techniques for rare plants, seasonal considerations, disease and pest management, harvesting and processing of aromatic plants. Students received comprehensive insights into the medicinal properties of aromatic plants and learned about government initiatives to establish aromatic plant nurseries.

5. Medicinal Tree Plantation by NSS:

National Service Scheme (NSS) also spearheads the planting of medicinal plants in different villages in order to make the students and villagers aware of the importance of medicinal plants.

6. Honouring Our Patrons with a Tree Plantation Drive:

The college organizes a tree planting initiative to commemorate significant dates in the history of Pravara Rural Education Institute, founded by Padmashri Dr. Vitthalrao Vikhe Patil and to honour the legacies of Padma Bhushan Dr. Balasaheb Vikhe Patil and Mrs. Sindhutai Vikhe Patil on their birth and death anniversaries. This initiative also extends to celebrating the birthdays of Namdar Dr. Radhakrishna Vikhe Patil and Mrs. Shalinitai Vikhe Patil by planting trees, thereby contributing to the lush greenery of the college campus.

These tree planting activities not only serve as a tribute to the founders and significant figures associated with the institute but also play a crucial role in enhancing the environmental sustainability of the campus. By promoting tree planting on these occasions, the college aims to foster a culture of environmental consciousness among students and staff, encouraging them to contribute positively to their surroundings. The greening of the campus through these efforts reflects the institution's commitment to environmental stewardship and sustainable practices, aligning with broader educational goals of promoting ecological awareness and responsibility. Thus, these tree planting events serve both commemorative and practical purposes, symbolizing reverence for the institute's history while actively contributing to a healthier and more sustainable campus environment.

Report on Distribution of Medicinal Plants on Farmers Meet

The department of botany organize awareness program on importance of medicinal plants in daily life for farmers on Friday, 17thFebruary, 2023, The main objective of this program is awareness about medicinal plants for farmers located in nearby villages of our college. In this programme, the distribution of 4000 Arjun saplings (*Terminalia arjuna*) a medicinally important tree, was held through the "Ayush Apake Dwar" campaign. On this occasion, Mr.Punjabrao Dukh (a famous meteorologist) was invited to give information about the climate and rainfall percentage in various regions of Maharashtra and president of this program is Hon.Sau. Shalinitai Radhakrishna Vikhe Patil former president Zilha Parishad Ahmednagar district. The distribution of Arjuna saplings was held under the Regional Cum Facilitation Centre—Western Region (RCFC-WR) Department of Botany, SPPU, Pune. All the teaching and non-teaching staff of the botany department of our college participated in this distribution activity. I special thanks to Chief Investigator Prof. D. N. Mokat RCFC-WR, SPPU, Pune, for his kind support for distribution of saplings.

Academic Year 2022-23

Activity Report: One-day Workshop on “Medicinal Plant Nursery”

Title of Activity	Workshop on “Medicinal Plant Nursery”
Date	17/03/2023
Name of the Resource person	Dr. Viju L. Amolik
Number of Participants enrolled	48
Place	Seminar Hall ACSC, Satral

Brief Summary of activity/event:

Arts Science and Commerce College Satral, Department of Botany and Student Development Board Savitribai Phule Pune University organized a medicinal plant nursery workshop in the college. This workshop was organised on 17th March, 2023. Students have participated in this workshop. Dr. V. L. Amolik Mahatma Phule Krishi University is expert professor for this workshop.

The main purpose of this workshop was to make the students of the college understand the new concepts and organize different types of workshops for the overall development of the students. The use of different types of media in the nursery, information about different types of rare plants, their cultivation method, the duration of the season, their cultivation, disease and pest control, harvesting and processing of medicinal plants were given to the students. Through expert professors, the students were given complete information about the use of medicinal properties of different types of plants in their daily lives, as well as the plans of different levels of government to create a nursery of medicinal plants, which types of proposals are prepared. and where they are deposited. Complete information about the proper use of medicines in daily life and how medicinal plants are used in Ayurveda, Unani, Homeopathy and different diseases was presented to the students.

Outcome of Activity/Event:

1. Students aware about himself-employment.
2. To create awareness among the students about agrobased industries.

विषय :- सुगंधी वनस्पती उत्पादन व उद्योजकता विकास कार्यशाळा 2022-23

महोदय/महोदया,

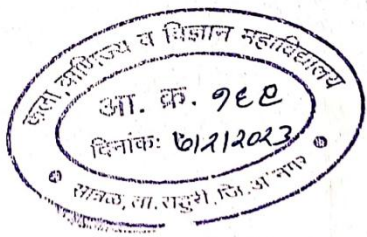

वरील त्रिपयास अनुसरून आपणास कळविण्यात येते की, सावित्रीबाई फुले पुणे विद्यापीठ विद्यार्थी विकास मंडळ व आपले महाविद्यालय यांच्या संयुक्त विद्यमाने सुगंधी वनस्पती उत्पादन व उद्योजकता विकास कार्यशाळा 2022-23 ('क' गट) (शासन व स्थानिक प्रशासनाच्या प्रचलित कोविड अनुरूप वर्तन व कोविड प्रतिबंधात्मक सर्व नियम व निर्बंधांच्या अधीन राहूनच या योजनेची परिस्थितीतून अंमलबजावणी करून) आयोजित करण्यास आपणास मान्यता देण्यात येत आहे. दि. 11 मार्च 2023 पर्यंत सुगंधी वनस्पती उत्पादन व उद्योजकता विकास कार्यशाळा 2022-23 आयोजित करण्यात यावी. सदर कार्यशाळा आयोजनासाठी आपल्या महाविद्यालयास रु. 4000/- पर्यंत अर्थसाहाय्य मंजूर करण्यात आलेले आहे. या व्यतिरिक्त सुगंधी वनस्पती उत्पादन व उद्योजकता विकास कार्यशाळा 2022-23 करिता होणारा ज्यादा खर्च महाविद्यालयाने करावा. या कार्यक्रमाच्या संपूर्ण आयोजना दरम्यान सावित्रीबाई फुले पुणे विद्यापीठ विद्यार्थी विकास मंडळ यांचे संयुक्त विद्यमाने आयोजन होत असल्याचे प्राधान्याने व ठळक नमूद करणे अनिवार्य आहे. याउल्लेखासह या कार्यक्रमाच्या अनुषंगाने विविध प्रसिद्धी पत्रके, प्रकाशने, प्रमाणपत्रे वॅनर, पोस्टर, साहित्य, प्रसिद्धी साधने, समाजमाध्यमे यामध्ये या अनुषंगाने वरील उल्लेखांसह सावित्रीबाई फुले पुणे विद्यापीठाचे बोधचिन्ह असणे अनिवार्य आहे. याबरोबरच विद्यार्थी विकास मंडळाची "विद्याविकास" व "स्वरंग" हि बोधचिन्हे कार्यक्रमाच्या अनुषंगाने आवश्यकतेनुसार दोन्ही अथवा किमान एक बोधचिन्ह अनिवार्यतेने समाविष्ट करावीत. तसेच आपले महाविद्यालय/परिसंस्था अथवा शिक्षण संस्था यांची बोध चिन्हे आवर्जून घ्यावीत.

संचालक विद्यार्थी विकास मंडळ तसेच संबंधित जिल्हा समन्वयक यांचेशी संपर्कित राहून कार्यशाळेची कार्यक्रम रूपरेषा निश्चित करावी. सदर कार्यशाळेसाठी सावित्रीबाई फुले पुणे विद्यापीठाशी संलग्नित आपल्या महाविद्यालयाच्या परिसरातील संबंधित सर्व महाविद्यालये, मान्यताप्राप्त परिसंस्थाशी संपर्क साधून आवश्यकतेनुसार संबंधितांना सहभागी करून घ्यावे.

सदर कार्यशाळा झाल्यानंतर १५ दिवसांच्या आत / केंद्रीय लेखा परीक्षणाच्या वेळी हिशेब या विभागास सादर करावा. सोबत विद्यार्थ्यांची यादी, विद्यार्थी अभिप्रायासह (Feedback Form) तसेच या उपक्रमाविषयी प्रतिनिधिक स्वरूपात काही विद्यार्थ्यांची स्फूट टिप्पणी, कार्यशाळेचे फोटो, कार्यवाहीचा अहवाल www.unipune.ac.in-Students Development-BSD Online-College Login-Main Menu-Students Development-Central Audit-Scheme Proposal FeedBack येथे ऑनलाईन पद्धतीने भरून त्याची प्रत, खर्चाचा तपशील, त्यासंबंधीची मूळ देयके (नवीन वित्तीय धोरणानुसार) मा. प्राचार्यांच्या स्वाक्षरीसह या कार्यालयास प्राप्त झाल्यानंतरच अनुज्ञेय अनुदान आपल्या विहित बँक खात्यात वर्ग करणेबाबत पुढील योग्य ती कार्यवाही करण्यात येईल. कळावे, ही विनंती.

शासन व स्थानिक प्रशासन यांच्याद्वारा प्रचलित कोविड संबंधित आदेश व निर्देशांच्या अधीन राहूनच या योजनेची अंमलबजावणी, कार्यन्वयन, स्थगिती, अथवा समाप्ती करणे वधनकारक असून याबाबत महाविद्यालय/परिसंस्थेने आपल्या स्तरावर योग्य ते निर्णय घ्यावेत. याचे कोणत्याही स्तरावर उल्लंघन झाल्यास या योजनेची मान्यता तत्प्रभावी रद्दवातल होऊन त्याबाबतची प्रशासकीय/आर्थिक सुरक्षात्मक स्वरूपाची सर्व जबाबदारी महाविद्यालय/परिसंस्थेची असेल. सदर योजना आपल्या महाविद्यालयात दि. ११ मार्च २०२३ पर्यंत रावविणे अनुज्ञेय आहे.

Activity Report: One-day Workshop on “Aromatic Plant Production and Entrepreneurship Development”

Title of Activity	Workshop on “Aromatic Plant Production and Entrepreneurship Development”
Date	18/03/2023
Name of the Resource person	Dr. Vikram M.Jambhale
Number of Participants enrolled	62
Place	Seminar Hall ACSC, Satral

Brief Summary of activity/event:

Arts Science and Commerce College Satral Department of Botany and Student Development Board Savitribai Phule Pune University organised a workshop on ‘**Aromatic plant production and entrepreneurship development**’ in the college. This workshop was organised on 18th March 2023. Students have participated in this workshop. As an expert professor for this workshop is Dr Vikram M.Jambhale. Mahatma Phule Krishi Vidhyapith Rahuri guided the students.

The main purpose of this workshop was to make the students of the college understand the new concepts and organise different types of workshops for the overall development of the students. The use of different types of media in the nursery, information about different types of rare plants, their cultivation method, the duration of the season, their cultivation, disease and pest control, harvesting and processing of aromatic plants were given to the students. Through the expert professors, the students were given complete information about the use of aromatic plant properties of different types of plants in their daily life, as well as the plans of different levels of government to create aromatic plant nurseries. Complete information was given regarding the types of proposals prepared and where they are deposited. Complete information about the use of aromatic plants in daily life was presented to the students.

Outcome of Activity/Event:

1. Students aware about himself-employment on medicinal plant farming
2. To create awareness among the students about agro based industries to produce various aromatic product and medicine..

**A Report on one-day medicinal plant training workshop
on
"Medicinal Plant Conservation, Cultivation and Value Addition".**

Loknete Dr. Balasaheb Vikhe Patil (Padma Bhushan Awardee) Pravara Rural Education Society's Department of Botany, Arts, Science, and Commerce College, Satral (Rahuri), in association with Padmashri Vikhe-Patil College, Pravaranagar, Rahata College, and Chichondi College (Bhandardara) (Shendi), organized a one-day medicinal plant training workshop on **"Medicinal Plant Conservation, Cultivation, and Value Addition."** The workshop took place on 30th June 2022, with 98 participants from Nasik, Pune, and Ahmednagar districts.

The workshop was held on behalf of the National Medicinal Plant Board, Ministry of AYUSH, Government of India Regional Cum Facilitation Centre - Western Region, Department of Botany, Savitribai Phule Pune University, Pune. This centre covers the states of Goa, Maharashtra, Gujarat, Rajasthan, and the Union Territories of Diu, Daman, and Dadra and Nagar Haveli. The center organizes various trainings, workshops, buyer-seller meetings, webinars, seminars, etc., for farmers to raise public awareness about medicinal plants, their conservation, cultivation, and value addition. The Principal Investigator of this centre is Prof. Dr. D. N. Mokate (Regional-Cum-Facilitation Centre, Western Region Pune).

Farmers who use medicinal plants to treat patients and tribal people with knowledge of medicinal plants participated in this program. The trainees received training in plant identification, conservation, cultivation, processing, and marketing from experts including Prof. Dr. D. N. Mokate (PI & Divisional Director RCFC-WRO, Pune), Prof. Dr. Avinash Ade (Head of

Department of Botany, Savitribai Phule Pune University Pune), Shri. S. H. Patil (Chairman, Biodiversity Board, Pune), Shri. Kailas Mote (Director, MSHMPB, Pune), Hon. Jagtap Saheb (S.A.O. Ahmednagar), Dr. Swapnil Shinde (Director, Ayush Ayurveda Ltd., Pune), Dr. Akshay Deshmukh (Director, Kalpataru Herb), Shri. Kiran Abhyankar (Director, Well Care Natural, Pune), Shri. Subject: Request for Permission: Tree Plantation Program in Satral Village

Dear Principal,

I am writing to seek your permission on behalf of the National Service Scheme (NSS) with Collaboration with Department of Botany to organize a Tree Plantation Program in Satral village on 1 January 2023. The Tree Plantation Program aims to contribute to environmental sustainability and community beautification efforts. Our plan includes planting saplings in designated areas within Satral village, with the participation of Volunteers from our college under the guidance of NSS Program officers.

We assure you that all necessary preparations, including sourcing of saplings and coordination with local authorities, will be handled responsibly to ensure the success of the Tree Plantation Program.

Your support for this endeavor is crucial in enabling us to make a positive impact on the environment and engage our students in meaningful community service.

Thank you for considering our request. We look forward to your favorable response.

Yours sincerely,

Programme Officer
National Service Scheme
Art's, Commerce And Science College

Tree Plantation Program- 01/07/2023

The National Service Scheme Department of the College of Arts, Commerce, and Science took the initiative to plant a variety of medicinal plants in the Satral, Dhanore, and Songaon areas. Some of the plants included Hirda, Behda, Shevga, Tamarind, Jambhul, etc. The volunteers actively participated in the tree plantation activity, with a total of 34 volunteers from the National Service Scheme of the college joining in this commendable effort.

Tree Plantation Report

Academic Year-2022-23

Organized

By

Department of Botany

Date. 02/05/2022

To

The Principal

Arts, Commerce and Science College Satral,

Tal.Rahuri, Dist.Ahmednagar 413711

Subject:Permission to organise **Tree Plantation Programs** during the academic year 2022-23 on various occasions.

Respected Sir,

The Department of Botany is organizing a tree plantation initiative throughout the academic year 2022-23, aligned with various significant occasions. The primary objectives of this initiative are to enhance the green cover on our campus, elevate environmental awareness among students and contribute positively to community well-being. We anticipate that this initiative will significantly benefit the environment and provide students with practical experience in sustainable practices.

The following activities will be organised..

Date of event	Ocasions of tree plantation
5 th May, 2022	Padma Bhushan Awardee Dr. Balasaheb Vikhe Patil Jayanti
5 th June 2022	World Environment Day
15 th June, 2022	Hon. Namdar Shri. Radhakrishna Vikhe Patil Bithday
11 th August, 2022	Birth Anniversary of Padmashri Dr. Vithalrao Vikhe Patil
1 st December 2022	Hon. Sau. Shalinitai Radhakrishna Vikhe Patil Bithday

We request your permission to organise this event.

Thanking you,

Yours sincerely,

❖ Introduction

The Department of Botany organized a comprehensive tree plantation program during the academic year 2022-23. This initiative, strategically aligned with various anniversaries, aimed to enhance the green cover on our campus, elevate environmental awareness among students, and contribute positively to the well-being of our community. Through this program, numerous trees were planted across the campus, significantly benefiting the environment. Additionally, the program provided students with practical experience in sustainable practices, thereby fostering a deeper understanding of environmental stewardship. The successful execution of this initiative underscores the department's commitment to promoting ecological sustainability and environmental education. In this activity students are participated for this event.

The main goal was to increase the number of trees and educate villagers and students about the importance of planting trees. NSS volunteers participated by planting trees in specific areas. After the planting, villagers committed to taking care of the trees. Information about the names and types of trees was given to both villagers and students. The tree plantation drives have included a variety of tree species, carefully selected to enhance the biodiversity

The objectives of tree plantation are:

1. **Environmental Improvement:** Enhance air quality by absorbing carbon dioxide and releasing oxygen, reduce pollution. and mitigate the effects of climate change.
2. **Biodiversity Support:** Provide habitats for various species of birds, insects. and animals, promoting biodiversity.

3. **Soil Conservation:** Prevent soil erosion, improve soil fertility, and reduce the risk of landslides and floods.
4. **Water Conservation:** Enhance groundwater recharge and improve water quality by reducing runoff and filtering pollutants.
5. **Aesthetic Enhancement:** Beautify landscapes, improve urban environments, and create pleasant, green spaces for recreation and relaxation.
6. **Economic Benefits:** Provide resources such as timber, fruits, and medicinal products, and create job opportunities in forestry and related sectors.
7. **Climate Regulation:** Help in temperature regulation by providing shade, reducing the urban heat island effect, and maintaining humidity levels.
8. **Community Engagement:** Raise awareness about the importance of environmental conservation, encourage community participation, and instil a sense of responsibility towards nature among citizens.
9. **Educational Value:** Offer educational opportunities for students and the public to learn about ecology, botany, and the benefits of trees.
10. **Public Health:** Improve public health by reducing stress, promoting physical activity, and providing clean air and natural spaces for mental well-being.

❖ **Community Involvement**

A key aspect of the tree plantation initiative has been the active involvement of the local community. Local management members, students, faculty, and residents participate in the event, fostering a sense of collective responsibility towards environmental conservation. The college has also collaborated with local schools, NGOs, and environmental organizations to broaden the reach and impact of the initiative.

Community Outreach: The College aims to strengthen collaboration with local schools, NGOs, and environmental organizations to amplify the impact of its tree plantation and conservation efforts. By engaging a broader segment of the community, the college hopes to inspire more individuals to participate in environmental
